

Facts PM & Vänner

History

PM & Vänner was founded in 1992 by two friends, Per Bengtsson and Monica Carlsson (Vänner is Swedish for "friends" hence the name.) They still own the company, together with Martin Rognefall, Jesper Rognefall and Anders Lauring.

Today PM & Vänner includes PM & Vänner Hotel, PM & Vänner Restaurant, PM & Vänner Bistro, PM & Vänner Bröd & Sovel, PM & Vänner Banquet & Events and PM & Vänner Bar. We are also a partner of FLORA PM & Vänner.

We are located in the heart of Småland, in the city of Växjö.

Our gastronomic philosophy is based on the three cornerstones of forest, lake and meadow. Thus we like to take advantage of and promote the abundant produce of our region.

Our gastronomic vision is a modern interpretation of the regional cuisine from Småland, reinvented through the use of new and old techniques and textures.

PM & Vänner Hotel follows the same philosophy as our gastronomic ideas with the love and passion for design and hospitality shall be visible to guest throughout their entire stay.

Since the outset we have worked towards a sustainable society and today we are proud to be both environmental certified by "Svanen" and "KRAV".

Throughout the years we have received a numerous number of awards and prizes, some of them are;

- 1 star in Guide Michelin
- "Best hotel in Sweden" - White Guide
- "Best café in Sweden" - White Guide
- "Grand Award" - Wine Spectator Magazine
